

## IR Door Switch

### Advantages

- ▶ Particularly small infrared sensor for drilling into place
- ▶ Entry-level price

### Features

- ▶ Only 8 mm drill hole required

### Examples of use

- ▶ Door contact switch

### IR Door Switch

IR Door Switch 31 033 01

### Accessories

Repeater 12 Volt DC\* 30 263 07

### Technical details

For use with: LED lights  
 Surface finish: Aluminium look  
 Max. switching power: 12 Volt DC-36 W  
 Test marks and symbols: CE ⚡ ⚡  
 Switching distance: see drawing  
 Sensor lead: 1000 mm  
 Supply lead: 1000 mm  
 Switching lead: 1000 mm  
 Standby: <0.1 W

\* A repeater enables the control of a lighting circuit of more than 36 W at 12 volts DC.
